Welcome to AppTutor;
A whole new philosophy
in educational apps!

What sets AppTutor Apps apart from all other apps?

- AppTutor's animated videos teach the subject matter making this uniquely valuable to teachers, tutors, home-schoolers and parents. It's not just another quiz app!
- Our line apps is the first to be completely aligned with the Common Core Standards
- AppTutor apps maximize all three types of teaching styles; Visual, Auditory and Kinesthetic
- Every app contains unique hands on interactive coaching modules that guide students thru the subject matter
- Each section includes motivational progress checkmarks for verifiable completion and rewards with an elegant "Certificate of Achievement"

Each AppTutor App Includes:

- ✓ Full functionality on iPad, iPhone & iPod devices
- ✓ Supports three users and a guest user
- ✓ Tracking includes independent progress status
- ✓ One-click detailed audio instruction
- ✓ Always available Scratch Pad at your finger tips
- ✓ Includes printable handy reference Hint Sheet
- ✓ Numerous Worksheets covering each skill
- ✓ Comprehensive skill-based graded test
- ✓ Printable Certificate of Achievement
- ✓ Over 1,500 unique problems throughout the app

"This app will be snapped up by teachers and parents alike. This math app takes a different approach to learning math...I expect great things from this forward thinking developer."
